Difficult, but Supporting Good-Bye!

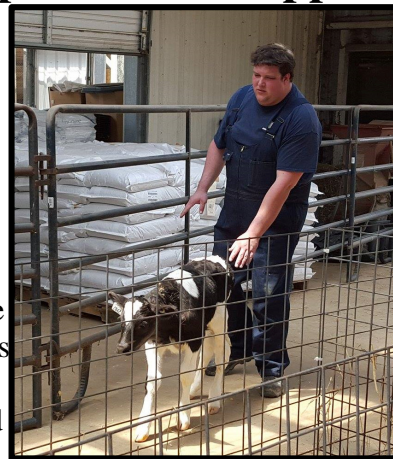

It is with support (and sadness!) that we announce that **Brad Cober** has left his role as JFM Beef Sales Consultant with Jones Feed Mills to return home to farm full-time. Brad's career with Jones spread over two decades and included various roles including sales, customer service, dispatch and millwork. Brad's broad knowledge and willingness to help, coupled with his pleasant personality, will be greatly missed by all customers and staff. Please join all of us at Jones Feed Mills in congratulating Brad and to wish him and his wife, Val, all the best with their farm and in their future endeavours. **THANK-YOU BRAD!**

Brad speaks with producers at the BFO Conference

Jones adds position of Calf Specialist to Support Dairy Producers

Jones Feed Mills is excited to announce it is adding the position of Calf Specialist to support our dairy customers. **Tom Mosterd**, who many will know from the JFM Dispatch Team, has accepted the new role of **Market Support Specialist** and will focus his time on working with dairy producers on optimizing the health, growth and development of their calves. Tom was raised on his family's poultry farm near Topping (now Shakespeare) and attended Lake Head University in Thunder Bay. Tom has spent much time learning the Jones Whole Start Calf Program and is now out on farms offering advice and calf performance measurement services. Tom is a great guy who takes his work seriously. When not working with calves or customers, Tom enjoys playing guitar and working with his church youth group.

Tom Mosterd lends a hand while training at the Akey Calf Research Farm in Brookville, Ohio

Pork Producers

Black Creek Livestock is looking for producers interested in discussing contracts for its Humane Hog Program. Contact Larry Bowman for more details. Call/text: 519-502-1131

See you at the Pork Congress!

Hundreds Join in the Celebration of New Facility at Torrie's

Torrie Farms (Chatsworth), owned by brothers Jeff, Brad and Mark and mother, Shirley, are organic milk producers who recently hosted an Open House to celebrate their new barn and robotic milking system. JFM is proud to be working with the Torrie family and wish to congratulate them on their new facility!
