JFM Welcomes Heather Darrington

Jones Feed Mills is excited to announce the appointment of Heather Darrington to our Dispatch Department. Heather was raised on her family's farm near Elora and lived "just up the road from Larry Bowman". She has a long and successful background in dispatch management and has skills in logistics and process. Heather's role at Jones will be to assist in the execution of the enormous task of delivering hundreds of orders of feed to JFM Customers each day. Heather will also work on upgrading our processes to meet the demands and requirements of our delivery system today. Heather started with Jones in late August and has spent much of her time meeting and familiarizing herself with the JFM Dispatch Team and our process. Heather resides in Maryhill and together with Russ, have three children and two grandchildren...with the third one on the way! In her spare time, Heather with Russ, enjoys playing music (including organ at her church), spending time at their trailer in Port Elgin and in the past, competing with and against her mother, plowing, at the International Plowing Match! A BIG Welcome to Jones Feed Mills Heather!

Doug Helm attends Zoetis Alberta Feedlot Tour

Last month, Doug Helm, Beef Sales Consultant with Jones Feed Mills, attended through invitation, the annual Zoetis Feedlot Challenge and Tour which was held this year in Lethbridge, AB. Participants toured numerous feedlots including Calhoun Cattle Company (originally from Bruce County) and Shelter Valley Cattle Feeders, with its sister feedlot near Peterborough, ON. A tour of Perlich Brothers. Auction Mart saw cattle selling at a premium to needing buyers. The Challenge component of the tour was hosted by Kasko Cattle Company at the Sandy Hill Feedlot and saw area teams competing on pen checking, cattle handling, chute processing, and where all concluded with a written quiz. Congratulations to Zoetis, Doug Helm and all of the competitors on such a successful event! For more information call or text Doug Helm at 519-379-6028.

Shelter Valley Land and Cattle Czar, AB

Ontario Tour Participants Doug Helm, Ron Stevenson (Zoetis), Shaun Glavin (VanOsch Farms), John Mielhousen (ON Charolais) and Steve Eby (JSE Farms)

Jones STRESSFIGHTER

When calves and protein prices are at a premium, every dollar counts!

Use the **Jones STRESSFIGHTER program** to give your calves the start they need.

The Jones STRESSFIGHTER approach:
Knowledgeable staff and nutrition teams that can consult on feed & transition.
Feeds that ensure proper protein delivery.

Feeds that use heightened vitamin and mineral levels for stressed calves.

The use of qualified feed ingredients to aid in optimizing rumen health.

Feeds available as premix, supplements and complete feeds.

Talk to a member of the Jones Beef Team about feeding and transitioning your calves this fall and ask how you can receive a Jones barn thermometer.

We Know Beef!

Jones Whole Start Calf Program

Jones Whole Start
Milk Replacer

Linwood-Heidelberg-Wroxeter-Mitchell
1-800-265-8735 www.jfm.on.ca

Over the past three years JFM nutrition personnel have focused much energy on the development of the JFM Whole Start Calf Program. This program is the results of years of research by the Akey nutrition and research teams. Thousands of calves have and continue to be monitored for their growth and performance through to the milk line. This high results and economical program is available to you. Ask your JFM Dairy Sales Rep for a copy of the newly updated JFM Whole Start Program.
